Dear Janeen,

I want to thank you for taking the time to speak with me! I spoke with my husband, and we are blessed that you have asked him to be a part of the Newsletter, what an Honor! I want to extend my heart felt appreciation to your organization. Your program change lives, the courses and trades you offer to those incarcerated gives them hope that once released they have a skill set they can use to work, and support their families. There are not too many organizations who offer what you do, and you set-up individuals like my husband for success and not failure. What your instructor and program offered to him is priceless! C-Tech changes lives and I thank you! The skills my husband learned has given him the knowledge and confidence to pursue contract bids. He has donated his skill trade to non-profit organizations, churches, and many individuals who can not afford quality work.

Thank you for all you do, it makes a difference! He is a success story, and C-Tech is a big part of it! And, thank you for the certificates. It's such a blessing to us!

Respectfully Yours,

Monica
